

## REMEDIAL SITE ASSESSMENT DECISION – EPA Region 05

**Site Name:** BTL SPECIALTY RESINS

**Alias(es):** BTL SPECIALTY RESINS

**City:** BLUE ISLAND

**County or Parish:** COOK

**State:** IL

**Refer to Report Dated:** 11/29/2018

**EPA ID:** ILD981093180

**Report Developed By:** STATE

**State ID:**

**Report Type:** Site Reassessment #001

**Decision Date:** 11/29/2018

- ☒ **1. Further Remedial Site Assessment Under CERCLA (Superfund) is not required because:**  
NFRAP-Site does not qualify for the NPL based on existing information
- ☐ **2. Further Assessment Needed Under CERCLA.**
- ☐ **3. Remedial study/cleanup needed.**

### Decision/Rationale:

Site has ongoing RCRA involvement, but does not score at this time for Cercla involvement.

The U.S. Environmental Protection Agency (EPA) has determined that no further remedial action by the Federal Superfund program is warranted at the referenced site, at this time. The basis for the no further remedial action planned (NFRAP) determination is provided below. A NFRAP designation means that no additional remedial steps under the Federal Superfund program will be taken at the site unless new information warranting further Superfund consideration or conditions not previously known to EPA regarding the site are disclosed. In accordance with EPA's decision regarding the tracking of NFRAP sites, the referenced site may be removed from EPA's Active site inventory and placed in a separate Archive site inventory as an historical record if no further Superfund interest is warranted. Archived sites may be returned to the Active site inventory if new information necessitating further Superfund consideration is discovered.

**Site Decision Made By:** Pat Hamblic, NPL Coordinator
